

# Registration Reminder!

**[Register today](#) for the spring 2012 UEFI Plugfest,  
hosted by Phoenix Technologies in Taipei, Taiwan**

***Don't miss the opportunity to test your Windows 8 readiness  
and learn the latest developments on UEFI***

The UEFI Testing Work Group (UTWG) and the UEFI Industry Communications Work Group (ICWG) from the Unified EFI (UEFI) Forum invite you to the Spring 2012 UEFI Plugfest being held this coming May at Sunworld Dynasty Hotel in Taipei, Taiwan. This event is being hosted by The UEFI Forum and Phoenix Technologies, with AMD, AMI, ARM, Insyde, Intel, and Microsoft as event sponsors.

## **UEFI Plugfest Dates: May 8-10, 2012**

Setup Day: May 7, 2012

Location: Sunworld Dynasty Hotel (No. 100, Dun Hua North Road, Taipei)

***We encourage registration by [Friday, April 20<sup>th</sup>](#) to ensure hotel space availability.***

UEFI Members, please register for the Spring 2012 Plugfest event through the [online registration system](#) set up by Phoenix Technologies. For more info, please contact [Dick Wilkins](#) at Phoenix Technologies.

**Note:** UEFI membership is required to attend UEFI Plugfest. If you are not yet a UEFI member, please visit [UEFI.org/join](#) to learn about obtaining UEFI membership.

**Also Note:** Each attendee from a company should register for themselves. The registration system allows each person to book a sleeping room at the event hotel if they choose. You are welcome to stay elsewhere if you want. One representative from each company should go to the second stage of registration and report on what they plan to bring for testing and optionally book a testing room for their hardware. Payment for all hotel rooms is the responsibility of the attending company. A feature is planned for attending companies to pre-register their requests for test time with other specific companies. A follow up email on this topic will be sent to those registered for the event.
